All Vendor Details:

The screenshot displays the VMS Vendor Management application interface. At the top, a status bar indicates "Chrome is being controlled by automated test software." The header features the VMS logo on the left and a "Logout" button on the right. The main content area is titled "WELCOME!!!" and contains a large 3D icon of three stylized figures. Below the icon, the text "VENDOR MANAGEMENT" is prominently displayed. On the left side, there is a sidebar menu with the following items: "Home", "Vendors" (with a dropdown arrow), "Add Vendor", "All Vendors", "My Vendors", "Vendor Ratings" (with a dropdown arrow), and "Admin" (with a dropdown arrow). The "Add Vendor" and "My Vendors" items are highlighted with a light blue background. At the bottom left, there is a circular diagram illustrating the vendor management process, showing two people shaking hands, surrounded by icons for various business activities like shipping, production, and sales.

Chrome is being controlled by automated test software.
